Enviro Tech Industrial Products

www.envirotechindustrialproducts.net

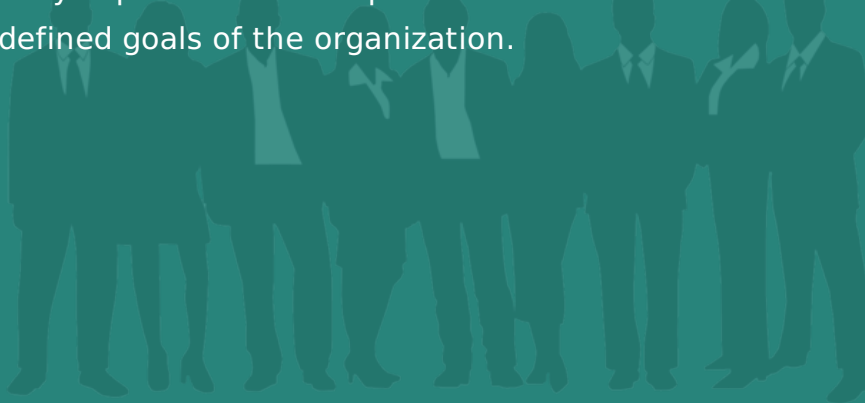

We are recognized as a leading Manufacturer, Trader, Exporter and Supplier of high quality Clean Room Equipment, Air Cooling System, Industrial Filter etc. These products are highly known for their easy usage, durability and corrosion resistance.

About Us

Established in the year **1995**, in **Delhi, India**, we “**Enviro Tech Industrial Products**”, is actively engaged in **manufacturing, trading, exporting, importing, service providing** and **supplying** an extensive range of **Clean Room Equipment, Air Cooling System, Industrial Filter, Air Distribution Products** and **Cooling Tower Spare Parts, etc.** These products are manufactured in accordance with international quality norms using supreme quality raw material and latest technology under the guidance of our skilled professionals. The raw material we use to manufacture these products is sourced from certified vendors of the industry. The offered products are highly appreciated among our clients for their durability, perfect finish, low maintenance, easy to use and corrosion resistance. Apart from this, our clients can avail these products in various specifications as per the requirements of our clients.

Our well-established organization has developed a broad infrastructure facility that is spread across the wide area of the land. Our infrastructure is segregated into various subdivisions such as manufacturing, quality testing, R&D, warehousing and packaging and after sale support. We have divided our infrastructure into different departments to ensure a free flow of work and systematic business operations. All these units are equipped with the modern machinery and advanced technology in order to timely meet the large-scale orders of customers. These machines and tools regularly updated to attain high efficiency and quality in all our manufacturing process. All these units are managed by a skilled team of professionals, who have great personnel acumen and rich industry experience. These professionals make their dedicated efforts to achieve the defined goals of the organization.
